

## Community Facilities Fund

It is with great thanks to WLDC and District Cllr Mullally that we have been able to apply and successfully secure a grant of £3,857.15 from the Community Facilities Fund.

This grant has enabled Sturton by Stow Parish Council to contract additional play park maintenance within our Village Hall Playpark. We have been able to recontour and landscape the ground beneath the much-loved elephant and motorbike rockers to make them useable and safe.

We actively pursue the best outcomes following our annual ROSPA reports. We are delighted that the rebuilding of the area around the rockers will ensure many more hours of safe and happy fun for our children.
