

STURTON BY STOW AND STOW NEIGHBOURHOOD PLAN

REVIEW 2024

Sturton by Stow and Stow Neighbourhood Planning group has reviewed our neighbourhood plan (NP). The NP has to be reviewed within six months of the adoption of the Central Lincolnshire Local Plan (CLLP).

The steering group has taken time to reference the changes to the CLLP and, more recently, the changes to the National Planning Policy Framework (NPPF).

There are three levels of change to be considered;

- Material modifications which do change the plan – this would result in examination followed by a referendum for adoption.
- Material modifications which do not change the plan but do require examination.
- Minor (non-material) modifications which would not materially affect the policies within the plan or the permissions granted by the order.

The changes proposed are to be considered as 'Minor'. There are no changes to the policies contained within the NP.

The modifications which have been included are primarily changes to reference numbers and descriptions, with some rewording to reflect the new descriptors.

There will be opportunities to discuss the proposed changes with members of the steering group and parish councillors of Sturton by Stow and Stow.

Sturton by Stow:

Village Hall Market Saturday 6th April 10.00-12.00

Stow:

St Mary's Church Tuesday 9th April 13.00-16.00
